#### **Notes to the Financial Statements**

for the six month period ended 30 June 2023

#### 1. The organization

CFM UCITS ICAV (the "ICAV") was incorporated as an open-ended umbrella Irish collective asset-management vehicle with segregated liability between sub-funds to carry on business under the Irish Collective Asset-Management vehicles Acts 2015 and 2020 (the "ICAV Acts") on 6 October 2016 with registration number C161756. The ICAV is authorised by the Central Bank of Ireland as an ICAV pursuant to Part 2 of the ICAV Acts, the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations, 2019 as amended (Collectively the "UCITS Regulations").

As at 30 June 2023, the ICAV is comprised of three sub-funds: CFM IS Trends Equity Capped Fund, CFM Quant Sustainable Absolute Return Fund and CFM IS Trends Fund (together the "sub-funds").

CFM IS Trends Equity Capped Fund was approved by the Central Bank of Ireland on 14 August 2020 and commenced operations on 28 August 2020. CFM Quant Sustainable Absolute Return Fund was approved by the Central Bank of Ireland on 12 October 2020 and commenced operations on 12 November 2020. CFM IS Trends Fund was approved by the Central Bank of Ireland on 12 February 2021 and commenced operations on 12 April 2021.

Any liability incurred on behalf of or attributable to any sub-fund of the ICAV shall be discharged solely out of the assets of the sub-funds. Notwithstanding the foregoing, there can be no assurance that should an action be brought against the ICAV in the courts of another jurisdiction, the segregated nature of the sub-funds would necessarily be upheld.

The investment objective of the CFM IS Trends Equity Capped Fund and CFM IS Trends Fund is to achieve long-term capital appreciation through returns that seek to be uncorrelated with returns based on traditional asset classes, such as stocks and bonds. The investment objective of the CFM Quant Sustainable Absolute Return Fund is to achieve long-term capital appreciation by investing in a well-diversified portfolio of equities and financial derivative instruments.

Beginning 25 April 2023, Citco Fund Services Ireland Limited (the "Administrator") serves as the ICAV's administrator replacing HSBC Securities Services (Ireland) DAC. The Administrator performs certain administrative and accounting services on behalf of the ICAV. Beginning 25 April 2023, the Bank of New York Mellon SA/NV, Dublin Branch (the "Depositary") serves as the ICAV's depositary replacing HSBC Continental Europe.

#### 2. Significant accounting policies

Statement of compliance and basis of preparation

These unaudited interim financial statements should be read in conjunction with the 31 December 2022 annual report and audited financial statements which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union. These interim financial statements have been compiled using accounting policies, methods of computation and presentation which are consistent with the annual report for the period ended 31 December 2022, unless otherwise stated. These unaudited interim financial statements have been prepared in accordance with International Accounting Standard 34: Interim Financial Reporting ("IAS 34"), UCITS Regulations and Central Bank UCITS Regulations.

New standards, amendments and interpretations that are not yet effective and which have not been early adopted

There are no standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the sub-funds.

#### 3. Fair value measurements

IFRS 13 establishes a fair value hierarchy that prioritises the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described in the table below.

| Level 1 | Inputs that reflect unadjusted quoted prices in active markets for identical |
|---------|--|
|         | assets or liabilities that the sub-funds have the ability to access at the   |
|         | measurement date;  |

Level 2 Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;

Level 3 Inputs that are unobservable.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires significant judgment by the Directors. The Directors consider observable data to be that market data which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorisation of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Directors' perceived risk of that instrument.

#### **Notes to the Financial Statements**

for the six month period ended 30 June 2023 (continued)

#### 3. Fair value measurements (continued)

#### Transferable securities

Transferable securities whose values are based on quoted market prices in active markets are classified within Level 1. These include actively listed equities and treasury bills. The Directors do not adjust the quoted price for such instruments, even in situations where the sub-funds hold a large position and a sale could reasonably impact the quoted price.

Transferable securities that trade in markets that are not considered to be active, but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2.

Transferable securities classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all. There are no Level 3 investments held at financial period end.

#### Derivative instruments

Derivative instruments can be exchange-traded or privately negotiated over-the-counter ("OTC"). Exchange-traded derivatives, such as OTC equity derivatives, futures contracts and exchange traded option contracts, are typically classified within Level 1 or Level 2 of the fair value hierarchy depending on whether or not they are deemed to be actively traded. OTC derivatives, such as forward foreign exchange contracts, equity swaps and credit default swaps have inputs which can generally be corroborated by market data and are therefore classified within Level 2.

The sub-funds have not disclosed the fair values for financial instruments measured at amortised cost, due to/from broker and short-term receivables and payables because their carrying amounts are reasonable approximations of fair values.

No investments have been classified within Level 3 at any time during the period, consequently no reconciliation of Level 3 fair value measurements is required.

There were no transfers between Levels during the period.

For the period ended 30 June 2023, all other assets and liabilities, other than investments at fair value, whose carrying amounts approximate fair value would have been considered to be classified within Level 2 of the fair value hierarchy if such classification was required.

The ICAV redeems and issues redeemable participating shares at the amount equal to the proportionate share of net assets of the relevant sub-fund at the time of subscription or redemption, calculated on a basis consistent with that used in the financial statements. Accordingly, the carrying amount of net assets attributable to holders of participating shares approximates their fair value. The shares are categorised into Level 2 of the fair value hierarchy.

The sub-funds may invest in Financial Derivatives Instruments ("FDI") for investment purposes, for hedging purposes and for efficient portfolio management purposes.

#### Performance fees

The Manager may also be entitled to receive a performance fee. The performance fee (the "Performance Fee") is a percentage of the increase in Net Asset Value of each Share Class in excess of the Share Classes High Water Mark (as defined below). The Performance Fee will be calculated and accrued on each valuation point as an expense of the relevant Share Class and will be payable in arrears, at the end of the Calculation Period.

Calculation Period means the period beginning on 1 December each year and ending on 30 November each year.

For the purposes of the performance fee calculation, the "High Water Mark" attributable to each Class is the greater of:

- (a) The highest recorded Net Asset Value of the relevant Share Class at the end of each Calculation Period since inception of the Fund adjusted for subscriptions and redemptions; or,
- (b) If no Performance Fee has ever been realised, then the Net Asset Value of the relevant Share Class at the inception of the Fund adjusted for subscriptions and redemptions.

For CFM IS Trends Equity Capped Fund, the Performance Fee in respect of the Class I Shares, Class SI Shares, Class MI Shares, Class P Shares, Class SIF Shares and Class MIF Shares is up to 10% (prior to 25 January 2022, 10%) of the excess of the Net Asset Value per Share at the end of a Performance Period over the High Water Mark. Performance Fee is not payable in respect of Class M Shares, Class N Shares and Class IF Shares (prior to 25 January 2022, Performance Fee was not payable in respect of Class M Shares, Class N Shares, Class IF Shares, Class SIF Shares and Class MIF Shares).

For CFM IS Trends Equity Capped Fund, Performance Fees for the financial period ended 30 June 2023 amounted to Euro 306 (30 June 2022: Nil) of which Euro 306 was payable at the financial period ended 30 June 2023 (31 December 2022: Nil).

#### **Notes to the Financial Statements**

for the six month period ended 30 June 2023 (continued)

#### 4. Fees and expenses (continued)

#### **Performance fees (continued)**

For CFM Quant Sustainable Absolute Return Fund, the Performance Fee in respect of the Class I Shares, Class SI Shares, Class MI Shares, Class N Shares, Class P Shares, Class IF Shares, Class SIF Shares and Class MIF Shares is up to 15% of the excess of the Net Asset Value per Share at the end of a Performance Period over the High Water Mark. Performance Fee is not payable in respect of Class M Shares.

For CFM Quant Sustainable Absolute Return Fund, there are no Performance Fees for the financial period ended 30 June 2023 (30 June 2022: Nil). No Performance Fee was payable at the financial period ended 30 June 2023 (31 December 2022: Nil).

For CFM IS Trends Fund, the Performance Fee in respect of the Class IO Shares, Class I Shares, Class SI Shares, Class MI Shares, Class N Shares, Class P Shares, Class IF Shares, Class SIF Shares and Class MIF Shares is up to 10% of the excess of the Net Asset Value per Share at the end of a Performance Period over the relevant Hurdle Rate and the High Water Mark. Regarding Class WD Shares, (i) no Performance Fee is payable on the aggregate NAV of all Class WD Shares that is below USD100,000,000 (or the equivalent in another currency), and (ii) a 10% Performance Fee is payable on the aggregate NAV of all Class WD Shares that is at or over USD100,000,000 (or the equivalent in another currency). Performance Fee is not payable in respect of Class M Shares.

For CFM IS Trends Fund, Performance Fees for the financial period ended 30 June 2023 amounted to Euro 3,304 (30 June 2022: 4,466) of which Euro 4,397 was payable at the financial period ended 30 June 2023 (31 December 2022: 1,092).

#### **Operating expenses**

#### **Expense Cap**

The Manager has agreed to cap the Annual Expenses (as defined below) of CFM IS Trends Equity Capped Fund, CFM Quant Sustainable Absolute Return Fund and CFM IS Trends Fund up to 0.30% (prior to 25 January 2022, the Manager has agreed to cap the Annual Expenses of CFM IS Trends Equity Capped Fund and CFM Quant Sustainable Absolute Return Fund to 0.20% and CFM IS Trends Fund to 0.30%) of Net Assets Value of the relevant sub-fund. The Annual Expenses are accrued daily, based on the unadjusted Net Asset Value of the previous day attributable to the relevant sub-funds or classes.

For the purpose of this section, "Annual Expenses" mean all fees, costs and expenses connected with the establishment, management and operation of the ICAV and the sub-funds (with the exception of the fees and expenses of the Manager and its out-of-pocket expenses and Performance Fees) including, but not limited to, the establishment expenses, the fees and expenses (including out of pocket expenses) of the service providers to the sub-funds, such as the fees payable to the Depositary, the Administrator and the Distributor, the operational expenses (as detailed in the Supplements of each sub-fund under the heading "Other Fees and Expenses" and only to the extent that such operational expenses are not excluded) and the Directors fees (as detailed under the heading "Directors' Fees" in the Prospectus) and out of pocket expenses.

#### **Notes to the Financial Statements**

for the six month period ended 30 June 2023 (continued)

#### 4. Fees and expenses (continued)

#### **Operating expenses (continued)**

#### **Expense Cap (continued)**

"Annual Expenses" shall not, however, include any taxation (including stamp duty) to which the ICAV or the sub-funds may be liable, exchange fees, commissions, brokerage fees, settlement and clearing fees and other expenses incurred with respect to the investments and any extraordinary or exceptional costs and expenses as may arise from time to time such as material litigation in relation to the ICAV or the sub-funds. As noted earlier and for the avoidance of doubt, the "Annual Expenses" do not include the Management Fees, Performance Fees and expenses of the Manager. The foregoing fees, costs and expenses, where arising, will be borne by the ICAV or the relevant sub-fund, as applicable.

#### 5. Share capital

The authorised share capital of the ICAV is 300,000 redeemable non-participating Shares of no par value and 500,000,000,000 participating shares of no par value. Non-participating shares do not entitle the holders thereof to any dividend and on a winding up entitle the holders thereof to receive the consideration paid therefor but do not otherwise entitle them to participate in the assets of the ICAV. The Directors have the power to allot shares in the capital of the ICAV on such terms and in such manner as they may think fit.

The ICAV does not have any external capital requirements.

#### Capital Management

Participating shares in the ICAV provide an investor with the right to request redemption of their shares for cash at value proportionate to the investors' shares in the relevant sub-funds' net assets and are classified as liabilities. The ICAV's objective, in managing the Participating shares, is to ensure a stable base to maximise returns to investors and to manage liquidity and to manage liquidity risk arising from redemptions.

### **Notes to the Financial Statements**

for the six month period ended 30 June 2023 (continued)

#### 6. Taxation

Under current law and practice the ICAV qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. As such, it is not chargeable to Irish tax on its income or gains.

However, Irish tax may arise on the happening of a "Chargeable Event". A Chargeable Event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares.

No Irish tax will arise for the period ended 30 June 2023 (30 June 2022: Nil) on the ICAV regarding a Chargeable Event.

A Chargeable Event does not include:

- (i) any transaction in relation to Shares held in a recognised clearing system;
- (ii) any exchange by a Shareholder effected by way of a bargain made at arm's length by the ICAV, of Shares in the ICAV for other Shares in the ICAV;
- (iii) certain transfers of Shares between spouses or civil partners and former spouses or former civil partners;
- (iv) an exchange of Shares arising on a qualifying amalgamation or reconstruction of the ICAV with another Irish investment undertaking; or
- (v) the cancellation of Shares in the ICAV arising from an exchange in relation to a scheme of amalgamation.

On the happening of a Chargeable Event, the ICAV shall be entitled to deduct the appropriate amount of tax on any payment made to a Shareholder in respect of the Chargeable Event. On the occurrence of a Chargeable Event where no payment is made by the ICAV to the Shareholder, the ICAV may appropriate or cancel the required number of Shares to meet the tax liability.

Income, interest and capital gains (if any) received on investments made by the ICAV may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the ICAV or its shareholders.

#### 7. Soft commissions

There were no soft commission arrangements affecting the sub-funds during the financial period ended 30 June 2023 (31 December 2022: None). Further, the Manager did not receive any payments under directed brokerage services or similar arrangement.
